Students are asked to arrival at the proposed doors during their assigned times. They will hand in their Daily Health Screening Forms and get their temperatures taken upon arrival as well. We ask that you check your child's temperature at home before bringing them to school to ensure their capability to enter school/. If they have a temperature over 100 degrees F or if their Daily Health Screening Form has any question answered "yes" they will not be admitted to school on that day.

Please make every effort to get to school at the start time of your child's arrival time so they could enter the building as easily and quickly as possible.
